

Annual Conference 2024

CORPORATE SPONSORSHIP

Voco Brisbane, QLD, Australia, October 8th– 10th, 2024.

INTRODUCTION

It is with great pleasure that the Organising Committee welcomes you to participate in the BioProcessing Network Conference for 2024. This year our annual meeting will take place at Voco, Brisbane, QLD. The meeting will be held over three days and will gather together researchers, manufacturers, regulators and others with an active interest in bioprocessing. Informative presentations will be mixed with lively discussions on new data, fresh ideas and new developments, all in a relaxed environment where participants can catch up with old friends and meet new ones.

Participation by trade organisations associated with the bioprocessing industry is warmly welcomed at the Conference. The structure of the Conference has been designed to allow extended opportunities for discussions with clients and customers and for the trade representatives to meet and mingle with the leading figures in the field of bioprocessing.
